SPEAKER:

Mr. Subash

Business Head

Innovaskill Technologies Private Limited,
Banglore

PATRONS:

Dr. Zahir Hasan

(President-IIC & Principal, GCE)

Convener-IIC:

Dr. N.S.Kumar

(Prof & Head, Dept. of Civil)

Co-ordinator-IIC:

Prof. Zahara Amreen

Dept. of CSE

Event Co-ordinator -IIC:

Prof. B. S Mahesh

Dept. of Mech.

PARTICIPANTS' INSTRUCTIONS

- ▶ Registration : Free
- ▶ Session Date: 04-11-23
- ▶ Session Time: 11:00am to 12:00pm
- ▶ Faculty members of the AICTE approved institution, Research Scholar and UG/PG Students. Technical staff can also be participated.
- ▶ Registration: Online

About the Institute

Ghouseia College of Engineering was started in the year 1980. The College is affiliated to Visvesvaraya Technological University, Belagavi and recognized by AICTE, New Delhi as well as Government of Karnataka. Departments are accredited by National Board of Accreditation (NBA) and NAAC. It is one of the reputed Minority Institutes in the State of Karnataka. The College is situated on an expanse of 35 acres of land, about 45 KMs from Bengaluru on the Bengaluru-Mysore National Highway 275. The library is housed in a separate building with a separate Issue, Reference and General Reading Room Sections with a sufficient collection of books and subscribed to the e-Journals through VTU Consortia. Hostel facility for about 600 students is provided in the campus with separate Hostel for Girls. The College has Excellent Sports facilities for students including gymnasium. Transportation facility is available for students hailing from Bengaluru, Mandya, Channapatna & Mysore.

The College was awarded as “Excellent Engineering College in Karnataka, in 2016” during II National Karnataka Education Summit & Awards by MNRE & MSME (Govt. of India), AICTE, Association of Indian Universities, CMAI, VTU, NSIC, Electronics India, niXi and NIELIT, organized by Visvesvaraya Technological University, Belagavi.

Highlight of Mechanical Department

The Department of Mechanical Engineering was established in the year 1980, Department has been accredited by National Assessment and Accreditation Council. The department has dedicated teaching and non-teaching faculty. The department has well equipped laboratories. The department library has good collection of prescribed books. The faculty member have publication in several reputed national and international journals, conferences for their credits. Moreover, the department often fosters industry collaborations, enabling students to bridge the gap between academia and real world applications. Graduates from the Mechanical Department are not just engineers: they are innovators, problem solvers and leaders, making significant contributions to India’s technological landscape and global engineering advancements. The department also offers M.Tech programme in Manufacturing Science and Engineering and in Machine Design.

VISION OF THE DEPARTMENT

To be globally recognized as the best Mechanical Engineering department with scope for excellence in research and quality assured graduates possessing leadership skills.

MISSION OF THE DEPARTMENT

Provides center of excellence to the students with Good industry institute society interaction and expand collaboration for research activities to face global competition.

About the Course.

In the vibrant world of startups, the journey begins with a spark of ingenious creativity and a vision that resonates scalability. Startups are the trailblazers, daring to challenge the status quo and compete in the bustling market arena. These ventures hunger for both rapid growth and soaring profits, making innovation their lifeline. Innovation, the lifeblood of entrepreneurship, propels startups into uncharted territories, unveiling new vistas of opportunities, solving intricate problems, and birthing groundbreaking products and services. It's the cornerstone that keeps these ventures not just competitive but also dynamic, fostering growth and opening avenues for fresh employment opportunities.

In the heart of India's entrepreneurial landscape, the Startup India Scheme emerges as a radiant beacon, an initiative meticulously crafted by the Government of India. This visionary scheme is not merely a policy; it's a catalyst for change, a transformative force aimed at generating employment and fostering wealth creation. At its core, Startup India champions the spirit of development and innovation, fostering the birth of revolutionary products and services, all while bolstering the employment landscape of the nation. It's not just a scheme; it's a movement, igniting the entrepreneurial spirit across the nation and shaping a future where innovation thrives, employment soars, and India stands tall on the global stage of innovation and enterprise.
